Each room was hower of large plants and wild smilax vines, which arrangement was carried plong the balustrade to the third floor, where the dencing took place. The billtard room was at the disposal of the guests, and the ball room was especially looked like a fairy bower, in which the elegantly attired ladies reposed between Lelia Purdue served punch from one of the alcoves. Dancing began at 10 o'clock after the guests had enjoyed themselves for quite a while at the whist tables. Prof. Blumes' orchestra furnished lovely music. Dainty refreshments were served. Nothing was left undone by the kindly hostess and her niece to make the occasion one of the most successful social functions ever given in the city. The following guests were present: Messrs, and and George Eiston. Mesdames Charles Brooks, Charles En glehard, John Charles, Charles Fullington, Charles Cohn, J. L. FOR THE BLOOD, LIVER, LUNGS.

Advanced Medical Science knows of no more powerful alterative medicine than Dr. Pierce's Golden Medical Discovery. Alterative medicines, so-called because they alter or change the condition of the system, have ranked among the most valued of medicines prescribed by physicians. It is by the skillful and scientific combination of several such alteratives that Dr. Pierce has produced an alterative remedy, having the specific value of each ingredient and the combined and concentrated power of all these alteratives in union, which are so blended and so balanced, that they unite the greatest delicacy of operation with the utmost healing power. It is these facts which give this greatest of alteratives a genuine claim to the title of a

The action of "Golden Medical Discovery" is primarily directed to the stomach and the nutritive or digestive system. Here is a common starting place of disease.

" Discovery."

What "Weak Stomech" Means.

There never was a strong man with a "weak And a so-called weak stomach may and often does mean weak heart, weak liver or weak lungs. Why? Because in the stomach the nourishment for each organ of the body is prepared, and from the stomach it is distributed. Bread kneaded in a sour trough will take on the taint of the trough, Food mixed and prepared in a tainted stomach will take the taint and poison of that stomach all over the system, to finally lodge at the weakest point of some weak organ. Hence it is that in curing the stomach and other organs of digestion and nutrition, and in increasing the activity of the bloodmaking glands, "Golden Medical Discovery" at once begins to send throughout the body an increased supply of pure blood, because the blood is made from the food taken into the stomach, and with the "weak stomach" made strong and foul blood made pure, comes a change to other organs which gather strength to throw off disease. "Golden Medical Discovery" works with Nature; it puts into Nature's hand the only weapon with which she can fight disease.

SIXTEEN YEARS OF SUFFERING.

The power of the "Discovery" is best exemplified in its cures of chronic cases, where after years of suffering, and when doctors had utterly failed to help, Dr. Pierce's Golden Medical Discovery has rfect and permanent cure. that of Mrs. Suggs.

"For the past sixteen years I have had torpid liver and indigestion and tried many doctors and patent medicines but I could
not get a cure." writes Mrs. Simeon Suggs, of Clyde, Sabine
Parish, La. "Three months ago I thought I would try Dr. R. V.
Pierce's Goiden Medical Discovery and his 'Pleasant Pellets.' I
got six bottles of each and I received a good result in a week,
and to-day I am cured sound and well. The symptoms were
coated torigue, specks before the eyes, disposed to be cross and
irritable, foul stomach, bad taste in mouth, tired feeling, a feeling of fear or dread, headache, yellow skin, etc. These symptoms did not all appear at once." toms did not all appear at once.

There are thousands of people struggling along day after day, handicapped by disease who could be made healthy and happy by the use of "Golden Medical Discovery." It has cured ninety-eight people in every hundred who have given it a fair and faithful trial. The trouble is that so many of these people have become hopeless. They have dribbled away the savings of years in doctors' fees, and without any improvement. They are fixed in the belief that their cases are a little different from anybody's else. And those are the very people that Discovery " cures. It's the people whose diseases are just a little different, and who are given up by doctors, the people whose diseases are chronic, and who try "Golden Medical Discovery" as a last resort, that form the bulk of that great army of the cured which numbers over half-a-million persons, It is absolutely impossible to have a strong body where there is a "weak stomach" or good health where there is bad blood. The use of the "Discovery" may be an experiment with you, but the experience of others surely warrants the experiment.

"I can say honestly that Dr. Pierce's Golden Medical Discovery is the greatest medicine ever compounded for purifying the blood," writes Miss Annie Wells, of Fergusson's Wharf, Isle of Wight Co. Va. "I suffered terribly with rheumatism, and pimples on the skin and swelling in my knees and feet so that I could not walk. I spent about twenty dollars paying doctors' bills but received no benefit. About a year ago I decided to try Dr. Pierce's Golden Medical Discovery and 'Faveribe Prescription,' and am entirely cured."

But the most remarkable feature of the cures produced by the use of "Golden Medical Discovery" is where the lungs are "weak."

Proof Positive.

Here is found fullest demonstration of the theory that if you can supply Nature with the needed nourishment she will build up the waste places of the body into health and wholeness. And here again it is proved that the "Discovery" does supply in the most perfect form that nourishment which Nature uses to effectually renew the broken down organs of the body. Those who have suffered with obstinate coughs, hemorrhages, bronchial affections, emaciation, night sweats, weakness, and like conditions which when neglected or improperly treated end in consumption, have found in Dr. Pierce's Golden Medical Discovery perfect health.

Golden Medical Discovery perfect health.

"Last spring I was taken with severe pains in my chest, and was so weak I could hardly walk about the house." says Mrs. G. E. Kerr, of Port Dodge, Webster Co., Iowa. "I tried several physicians and they told me I had consumption. I heard of Dr. Pierce's Golden Medical Discovery and I thought I would try some of it. Before I had taken the first bottle I was very much better; I took five bottles of it and have not yet had any return of the trouble."

"After using about five bottles of Dr. Pierce's Golden Medical Discovery my hoy seems to be all right," writes Mr. J. W. Price, of Ozark, Monroe Co., Ohio. "He was very had when I commenced to give him the 'Golden Medical Discovery." The doctors claimed he had consumption and we doctored with them until he was past walking. It has been ten mouths since he

tors claimed he had consumption and we doctored with them until he was past walking. It has been ten mouths since he stopped taking your medicine and he is still in good health. We are very thankful to you for saving our sen."

"Last spring I wrote you in regard to my health which at that time was very poor," writes Mrs. Mettie M. Barnes, of Gurfield, Pawnee Co., Kansas. "My trouble was bronchial affection. Symptoms, spitting of blood almost every morning for five years, shortness of breath, raw and sore throat, loss of strength, at times almost loss of voice, irregular periods—in fact I thought I was surely going into consumption. We lived in Ohio when I consulted you. You advised me to give Dr. Pierce's Golden Medical Discovery a trial, which I did, and with happy results. I got two bottles just before we started for Kansas. I did not feel as if I ever would get there, but we arrived and I used the two bottles of 'Golden Medical Discovery' and health returned as I used the medicine. I have only raised blood three times since I began using it. My periods are regular, strength returned, and I am almost a new person. I have all faith in Dr. Pierce's medicine. I know offa lady that was curred of consemption by this same 'Golden Medical Discovery,' and she always sings its praise."
